Notes of Explanation:

- 1. A key metrics report is to be completed for the active formula grants.
- 2. The grant number is the number DCEO assigns to the grant.

3. Report month is the month through which information is being reported. All reports are cumulative from the beginning of the grant period and should tie to entries made on the Grant Reporting System (GRS). GRS entries for the report month are required to be made within 20 days of the end of the previous month.

4. As shown, some metrics apply separate standards for each of the two years for which formula grant funding is available.

5. The budget and expenses for grant amounts allocated for administration costs are not included in the calculation of the obligations metrics. The Year 1 obligations measure is prorated to reflect cumulative minimum obligations of 6.67% per month (i.e., 80% divided by 12).

6. The direct training expenses metric applies to adults and dislocated workers only and is calculated based on all available funds for the program year, including funds carried in from the previous year.

7. Status indicators are as follows: MG=Meeting; N= Not Meeting; M= Met; F= failed
